Welcome

LETTER

I am so immensely proud to present the product of our dancers' hard work and dedication to you today. The past year has been a wonderful time of creativity and growth among our students and in our dance program here at LAAPA. It has been amazing for me, along with our magnificent dance faculty, to witness these dancers accomplish goals, come to new realizations, and truly blossom as young artists. What an honor to be a part of our program's journey through another exciting and fruitful year. I look forward to you witnessing the culmination of our time together on the stage this evening.

The theme of our recital is "Masterpiece in Motion." It is inspired by the imagination and innovation we each have the capacity to bring to our world and the impact that art can have on both community and self. Our story begins in a colorless world. A world without individuality. Our main character, Hazel, dreams of creating something magnificent. Of adding color and life to the world around her! Along with some friends she meets along the way, she will create a vibrant masterpiece.

As always, we greatly appreciate your support and your willingness to share your dancer's talents with us.

Please sit back, relax, and take a journey into your own imagination as we proudly present our 2024 Summer Dance Recital- Masterpiece in Motion.
